Until all three payments are received, you will be considered a Full or Associate member. When your final payment is received, you will then be considered a Lifetime member.

Full and Associate Members Full and Associate memberships are active for one full year, beginning at activation (see activation of membership).

Student Members Student memberships are active for one full year, beginning at activation (see activation of membership). You will be considered a student member as long as you are enrolled in a recognized graduate degree program. Your membership should be upgraded to a full membership upon the expiration of your current membership, subsequent to graduation.

The following items will be accepted as proof of current enrollment:

- Letter from the registrar acknowledging your current enrollment status
- Copy of your tuition bill
- Class schedule reflecting your current enrollment

Your membership will begin when your enrollment confirmation documents are processed by National Black MBA headquarters.

Your pending student membership will be held for only 60 days. After that time, you will need to submit a new membership application.

***Renewing student members must also verify current enrollment**

Credit Card Payments

Your application will remain pending and your credit card will not be processed until we receive enrollment confirmation documentation.

Cash & Check Payments

Cash and check payments will be processed upon receipt; however, your membership will be pending until we receive enrollment confirmation documentation. (See the refund policy below).

Collegiate Student Members Collegiate Student memberships are active for one full year, beginning at activation (see activation of membership). Only undergraduate students at an approved college/university are eligible for collegiate student membership.

*Individuals can apply for collegiate student membership only if they are enrolled at a school with a chartered National Black MBA collegiate chapter.

Refund Policy The NBMBA will provide membership refunds for the following reasons only:

- Verified duplication of billing
- Verified overcharges
- Submission of incorrect member type resulting in one of the above
- Failure to submit enrollment documentation after cash or check payment of student membership

Refunds will be provided as follows:

- Credit card payments will be credited to that same credit card.
- Cash and check payments will be credited by NBMBA check after 30 days, and only after initial payment has cleared our financial institution.

***Refunds will be issued only upon request of the individual.**

The NBMBA will vigorously defend itself against credit card charge backs. In the event that your credit card company requests a credit for charges, we will comply only to the extent that the request meets the requirements of the refund policy. (See above).

Insufficient Funds Policy If an individual submits a check that is later returned for insufficient funds, a \$25 fee will be assessed and membership will be immediately deactivated. Membership will be reactivated only upon receipt of certified funds for the amount of membership plus the insufficient fund fee. Certified funds include:

- Credit Card payment
- Money Order
- Certified Check
